NAVIGATÚ

a DOST-PCIEERD TBI

The Innovation and Technopreneurship Hub (ITECH) of Caraga State University, a DOST-PCIEERD TBI facility is branded as Navigatú. Coined from the word navigation and is inspired by the rich history of Butuan's Balangay Boats as the oldest wooden watercraft excavated in the region that showed evidence of our trading relationships all throughout Southeast Asia in as early as 700 AD. Butuan's early establishment of trading in the harbor became an inspiration of the TBI branding — Navigatú with its promise to embark aspiring entrepreneurs to a voyage of innovations that will come to its success in no time.

Our mission

Our mission is to contribute to the prominent success of emerging technopreneurs in southern Philippines through strategic partnerships, relevant education and training programs, networking, business-enabling assistance, and facilitate the creation of spinoffs or startups from research and development, towards job creation in specific sectors that are aligned in our region's unique areas of opportunity.

Goals

Our vision

A prime technology business incubator of sustainable Start up in Southern Philippines.

Objectives

- Establish an innovative and entrepreneurial ecosystem in the university and in the region.
- Create jobs for the local community.
- Create a sustainable network with public and private sectors.
- Help build or accelerate growth of the local industry
- Enable our technopreneurs to achieve their full potential.
